MASZ AFRICA

BRAND GUIDELINES

2ND SEPT, 2025. — VERSION 1.0

Brand Overview

The MASZ Africa brand is more than our public face—it's the foundation of how the world experiences us. It captures who we are, what we stand for, and the distinct value we bring as leaders in global mining, procurement, and industrial services. Our brand isn't confined to logos or color palettes. It tells a story of trust, efficiency, and excellence. Born from African ingenuity, powered by innovation, and recognized worldwide, it shapes everything we do, from strategic partnerships and communications to operations in the field. Every interaction reflects our commitment to quality and integrity.

At its core, the MASZ Africa brand advances our vision: to be the world's most trusted symbol of reliability and innovation in mining supply. We are a brand that redefines efficiency, empowers progress, and elevates industry standards across markets globally. We unite proven reliability with forward-thinking innovation, and professional excellence with meaningful impact. This message connects deeply with everyone we serve: clients, employees, and partners, projecting resilience, ethical strength, and confidence in Africa's influence on the global industrial economy.

To preserve this essence and ensure consistent recognition, every expression of MASZ Africa must speak with one voice—precise, confident, and proud. These brand guidelines provide the framework for maintaining a unified identity that authentically represents our character, values, and vital contributions to the international stage. Whether visual, verbal, or experiential, every touchpoint should reinforce who we are and what we deliver.

WHO WE ARE

We are MASZ-AFRICA

A trusted partner in the global mining sector, delivering premium consumables, specialized technical expertise,and streamlined procurement solutions that enhance productivity,safety, and long-term sustainability.

We operate with integrity, deliver with precision,and innovate with purpose – bridging gaps andcreating meaningful impact across the mining landscape.Our multidisciplinary team provides solutions that are reliable,technically sound, and tailored to the unique demandsof mining operations worldwide.

We're more than a supplier – we're your strategic partner. From day one, we work alongside you to solve challenges,unlock opportunities, and build sustainable success in mining.

Brand Vision

To be the world's most Trusted symbol of reliability and Innovation in Mining Supply—a brand that redefines efficiency, empowers progress, and elevates industry standards across markets globally.

Our ambition at MASZ AFRICA is to create a lasting legacy that transcends borders, a dynamic force where innovation rooted in Africa sparks meaningful transformation across global industries. We envision a mining and procurement landscape built on trust, advanced technology, and sustainable practices that prioritize both progress and planetary care. We continue to raise standards in quality and efficiency, and strive to build lasting stakeholder confidence, foster strategic partnerships, and create positive ripple effects across sectors, communities, and generations to come.

This forward-looking vision reflects our conviction that Africa is not merely a participant in the global arena but a key driver of its evolution. Guided by integrity, creativity, and purposeful action, MASZ AFRICA is redefining what's possible, shaping a fairer, more resilient, and more connected world.

Brand Mission

To deliver excellence through every interaction—providing mining partners with dependable products, technical insight, and responsive service that drive productivity, sustainability, and lasting value.

At MASZ AFRICA, our mission is to be more than a supplier – we aim to be a true partner in progress. Every engagement, from consultation to delivery, reflects our unwavering commitment to reliability, efficiency, and innovation. We believe that excellence is not an act but a culture – one built through trust, consistency, and the desire to create real value for every client we serve.

We combine industry expertise with forward-thinking solutions to help our partners operate more efficiently and sustainably in an ever-evolving global landscape. By focusing on quality, continuous improvement, and a deep understanding of client needs, we ensure that every solution contributes to both immediate results and long-term success.

Our mission extends beyond business outcomes. It's about building relationships that endure, empowering teams with knowledge, and supporting communities connected to the mining industry. Through this, MASZ AFRICA continues to deliver impact that lasts, strengthening industries, protecting the environment, and shaping a more resilient and responsible future for all.

Brand Core Values

Integrity

We conduct business with honesty, transparency, and accountability in every engagement. Our decisions are guided by ethical standards that protect our clients, partners, and reputation. Integrity is the foundation that strengthens every relationship we build.

Innovation

We pursue smarter, faster, and more efficient solutions to the challenges of modern mining. By embracing new technologies and continuous improvement, we help clients unlock greater value. Innovation drives our ability to deliver results that evolve with industry demands.

Efficiency

We optimize processes, reduce delays, and ensure seamless supply delivery across every operation. Our focus is on streamlining workflows to support higher productivity and lower operational costs. Efficiency is not just how we work – it's how we create measurable impac

Collaboration

We conduct our business with honesty and transparency, building trust through every action and decision. Integrity is the standard Clients trust us because we deliver consistently, accurately, and on schedule – every time. From product sourcing to technical support, we uphold the highest standards of dependability.

Sustainability

We believe progress is achieved when expertise, communication, and teamwork come together. By working closely with clients, manufacturers, and field teams, we build long-term value. Collaboration strengthens partnerships and ensures solutions fit real operational needs.

Safety

We prioritize safe practices in every process, product, and service we deliver.From responsible sourcing to technical operations, we safeguard people, assets, and environments.Safety is at the heart of sustainable mining – and at the core of everything we do.

MASZ-AFRICA's brand voice is Confident, Clear and Direct, Authetic and Dependable.

It's the heartbeat of a company that's proudly rooted in Africa, yet fueled by a truly global perspective and the highest international standards. We communicate with a sense of reliability, clear purpose, and an unwavering dedication to excellence that's respected around the world.

Confident

We speak with authority rooted in technical expertise and proven industry experience. Our voice is assured, assertive, and driven by a commitment to excellence in every engagement.

Clear and Direct

We communicate simply, purposefully, and without unnecessary complexity. Our language is structured to inform, guide, and deliver solutions with precision.

Authentic

We speak with honesty, transparency, and a genuine commitment to the people and industries we serve. Our tone reflects who we truly are – trustworthy, grounded, and purpose-driven.

Dependable

Every message reinforces our reliability, consistency, and unwavering commitment to our clients' success. We communicate in a way that builds confidence and demonstrates our readiness to deliver, every time.

LOGO AND USAGE GUIDE

Logo and Usage Guide

The MASZ-AFRICA logo is a vital component of the MASZ-AFRICA brand identity. As such, it must be used appropriately and consistently across all printed and digital applications. Any misuse of the logo can weaken the clarity and strength of the MASZ-AFRICA brand message. To preserve consistency and integrity in our visual identity, the logo should never be altered or recreated in any form. The proportions, positioning, and relationship between the symbol and the logotype must always remain intact.

The following guidelines must be observed whenever creating original printed or digital materials for MASZ-AFRICA.

Logomark

The stylized “M” symbol represents the core visual mark of MASZ-AFRICA. It should always appear in its original form and must never be redrawn, altered, or distorted.

Logotype

The logotype is based on Monument Extended and Mona Sans, customized to create a unique, distinctive wordmark for MASZ-AFRICA. It has been converted to outlines and should not be recreated or modified.

Primary Logotype

The Primary Logotype is the main visual identifier of MASZ-AFRICA. It represents the company across all communications and serves as the most recognizable expression of our brand. All official materials and partner communications should feature the Primary Logotype to ensure consistent brand recognition.

Clear Space

To maintain the integrity and legibility of the MASZ-AFRICA logotype, always provide adequate clearspace around it. No text, imagery, or graphic elements should encroach upon this area. The minimum clearspace should be equal to one-third (1/3) of the logotype's height(x) on all sides.

The vertical spacing between "MASZ" and "AFRICA",, is equal to the height of the letter "A" in "AFRICA".

Logotype artwork

Always use the official, approved MASZ-AFRICA logomark artwork provided in the brand asset files. Do not recreate the symbol or export it manually from design software. Only use the supplied vector files to ensure consistency across print and digital applications.

Black ackground

Clear Space

Minimum Size

Minimum print size **2.88 inch (73.0 mm)** wide.
Minimum digital size **276 pixels** wide

Vertical Logotype

If it's impossible to use the Primary Logotype for some reason, you have the option of using the Vertical logotype. It's still a good way of showing off the MASZ-AFRICA brand, so don't you worry.

Clear Space

To maintain the integrity and legibility of the MASZ-AFRICA logotype, always provide adequate clearspace around it. No text, imagery, or graphic elements should encroach upon this area. The minimum clearspace should be equal to one-third (1/3) of the logotype's height(x) on all sides.

The vertical spacing between the styled "M" logomark and the "MASZ" logotype, as well as the spacing between the "MASZ" logotype and the "AFRICA" logotype, is equal to the height of the letter "A" in "AFRICA."

Logotype artwork

Always use the official, approved MASZ-AFRICA logomark artwork provided in the brand asset files. Do not recreate the symbol or export it manually from design software. Only use the supplied vector files to ensure consistency across print and digital applications

Minimum Size

Minimum print size **1.38 inch (25.4 mm)** wide.
Minimum digital size **132 pixels** wide

Logomark

The MASZ-AFRICA Logomark is the standalone symbol derived from the stylized “M” in the full logo. It serves as a compact brand identifier for applications where space is limited or where a simplified mark is more appropriate.

The Logomark may be used on mobile interfaces, app icons, favicons, merchandise, social media avatars, and other situations where the full logotype cannot be applied. It must always appear in its original form, color, and proportions and should never be redrawn, distorted, or modified.

Clear Space

To preserve its visibility and impact, the logomark must always be surrounded by sufficient clear space. No text, imagery, or graphic elements may encroach upon this area. The minimum clear space around the logomark should be equal to half (1/2) of the height of the MASZ-AFRICA logomark.

Logotype artwork

Always use the official, approved MASZ-AFRICA logomark artwork provided in the brand asset files. Do not recreate the symbol or export it manually from design software. Only use the supplied vector files to ensure consistency across print and digital applications

Minimum Size

Minimum print size **1.38 inch (25.4 mm)** wide.
Minimum digital size **132 pixels** wide

Monochromatic Logotype

If it's impossible to use the Primary Logotype for some reason, you have the option of using the Vertical logotype. It's still a good way of showing off the MASZ-AFRICA brand, so don't you worry.

Clear Space

To preserve the clarity and visibility of the monochromatic logotypes, the same clear space rules applied to their respective full-color versions must also be maintained here. No text, imagery, or graphic elements should encroach upon this designated space.

Logotype artwork

Always use the official, approved MASZ-AFRICA logomark artwork provided in the brand asset files. Do not recreate the symbol or export it manually from design software. Only use the supplied vector files to ensure consistency across print and digital applications

Logomark

Size Relationship – Primary Logotype

When partner logos are longer or more text-based, they should match the height of the MASZ-AFRICA Primary Logotype for visual balance.

For symbol-based partner logos, they should appear at 2× the height of the MASZ-AFRICA Primary Logotype to maintain clear hierarchy and readability.

Size relationship–Alternate Logotype

When partner logos are longer and more text-based, we prefer them to be at between 30 and 50% the height of the stroke.

For symbol-based logos, we prefer them to be the same height as the logotype.

Alignment

Partner logos should always be center-aligned with the MASZ-AFRICA Primary or Alternate Logotype to ensure consistent composition across collaborative materials. Always refer to partner brand guidelines for specific requirements regarding their logo usage, minimum sizes, and spacing.
